

News story competition for children and young people with SEND

This competition is open to the families of all children and young people (aged 0-25) with special needs and/or disabilities, living in Enfield.

What you need to do: Send us an **illustrated story** about something fun that you/your family have done with your child/young person, or which they have done for inclusion in our Spring newsletter. It could be an inclusive sport, a great family day out, a youth club or any activity that they enjoy.

The story should be at least 300 and no more than 800 words and must include something about your child (including name and age), at least one illustration (photo or drawing) and also some kind of input from your child/young person, which must be clearly identified as coming from them. This could be:

- a quote from them about how they felt about the activity and what they liked about it
- a drawing they have done, or a photo they have taken related to the activity
- a photograph showing them engaging in the activity
- their input using talking mat or other tool, explaining what they felt about it (e.g. for non-verbal children/ young people)

You will need to email the completed story and illustrations to us at info@ourvoiceenfield.org.uk by 10th January 2022 to be included. Please head your email 'News Story competition' as the subject.

Prizes: The Winning family will receive £60 worth of Amazon vouchers and 2 runners up will receive £20 worth of Amazon vouchers each.

By entering this competition, you confirm that you are happy for us to publish your entry and illustrations in the Our Voice newsletter and any other Our Voice communications including our website and social media channels.
